INTRODUCTION

M/s East Venice Hotels And Resorts Pvt. Ltd is a 'Star Hotel' project situated at Survey No. 6,6/2-3, 6/2-2, 6/2. at Allapuzha west village, Alappuzha District, Kerala. The construction project was accorded CRZ Clearance on 11-08-2017 vide File No. 11-19/2016-IA-III by Ministry of Environment, Forest and climate Change.

The half yearly compliance report needs to be submitted as part of general condition No.07 of Environmental Clearance order by the project proponent. The second compliance report to conditions of the Environmental Clearance for the period of **April 2018 – September 2018** (First half) is being submitted.

COMPLIANCE REPORT

(SPECIFIC CONDITIONS)

PART A

PART - A – SPECIFIC CONDITIONS**I. Construction Phase**

01	The project proponent shall ensure that the guidelines for building and construction projects issued vide this Ministry's OM No.19-2/2013-IA.III dated 09.06.2015, are followed to ensure sustainable environmental management	Being complied
-----------	---	-----------------------

Compliance:

The project started its construction work on May 2018 as per the plan. The project proponent will comply all guidelines for building and construction stipulated in OM No.19-2/2013-IA.III dated 09.06.2015, issued by the Ministry of Environment, Forest & Climate Change in its entire duration of construction work. This will be done under the supervision of NABET accredited Consultancy.

02	All conditions / recommendations stipulated by the Kerala Coastal Zone Management Authority (KCZMA) vide their letter No. 2515/A3/16/KCZMA/S&TD, dated 30th April, 2016, shall strictly be complied with.	Noted
-----------	--	--------------

Compliance:

To conserve the coastal zone, the project proponent will implement all conditions / recommendations mentioned in vide their letter No. 2515/A3/16/KCZMA/S&TD, dated 30th April, 2016, of Kerala Coastal Zone Management Authority (KCZMA). The project proponent has constituted a committee to monitor the implementation of recommendations of KCZMA.

03	The project proponent shall obtain all necessary clearance / permission from all relevant agencies including town planning authority before commencement of work.	Complied
-----------	--	-----------------

Compliance:

To commence the construction activity, the project has obtained all necessary clearances / permission from all relevant Departments and competent authorities. The list of obtained clearances / permission / approvals are listed below. The conditions stipulated in the clearances / permissions will be strictly executed by the project proponent. The copy of relevant document are attached as **Annexure No. 1, 8, 9, 13 & 14**

1. **CRZ clearance**
2. **Building permit from Local Self Government**
3. **Consent to Establish from PCB**
4. **NOC form Ground water Department**
5. **NOC form Fire and rescue Services**

04	The construction in CRZ areas shall strictly in accordance with the provisions of CRZ Notification, 2011 and as amended from time to time.	Noted
-----------	---	--------------

Compliance:

The construction project is being scrupulously followed the provisions stipulated in CRZ Notification, 2011 and as amended from time to time. The construction work is under process as plan submitted in KCZMA.

05	Consent to Establish shall be obtained from State Pollution Control Board under the Air (Prevention and Control of Pollution) Act, 1981 and the Water (Prevention and Control of Pollution) Act, 1974, prior to commencement of work.	Complied
-----------	--	-----------------

Compliance:

To start the work of construction project, the project proponent has obtained consent to Establish from State Pollution Control Board. The copy of the same is attached as **Annexure No.9**. The work has commenced only after the issuance of Consent to Establish.

06	There shall be no dressing or alteration of the sand dunes, natural features including landscape changes for beautification, recreation and other such purpose	Noted
----	--	-------

Compliance:

At the project site there is no sand dunes. There are no eco sensitive features in the project site. However for the beautification, recreation and other such purpose, no landscape changes will be done. The project will seek expert advice to create such beautification and other purposes.

07	The development of resort / hotel shall be strictly for occupation of tourist and visitors. There should not be any construction for residential purpose.	Noted
----	---	-------

Compliance:

The project proponent will not deviate from its plan to construct hotel cum resort. The construction project is progressing for hotel cum resort for tourist and visitors. There will not be building for residential purpose. The nature of project is mentioned in the building permit and Consent to establish of PCB which is attached as **Annexure No. 8 and 9**

08	All waste (liquid and solid) arising from the proposed project shall be disposed off as per the norms prescribed by State Pollution Control Board. There shall not be any disposal of untreated effluent into the surface / coastal water bodies. Waste water generated shall be treated in STP and reused for landscaping, flushing, HVAC cooling or other purposes. The project proponent shall make alternate arrangement for situation arising due to malfunctioning of STP. Regular monitoring of the effluent from STP shall be carried out under intimation to the SPCB.	Will be complied
----	---	------------------

Compliance:

All waste Municipal and liquid waste generated from the proposed project shall be disposed off as per the provisions prescribed in Municipal Solid Waste Management and Handling Rules, 2016 and norms stipulated by State Pollution Control Board. The bio degradable waste will manage in site by treating the waste with bio bins or biogas plant. No untreated effluent will let out to the surface / coastal water bodies.

The project proponent will install Sewage Treatment Plant to reuse the waste water generated from the project site. The treated water will be used for landscaping, flushing, cooling tower and other purposes. The project will enter into an agreement with STP supplier for timely maintenance of STP. Regular monitoring of effluent from STP will be conducted by a NABEL approved laboratory.

09	No labour camp, machinery and material storage shall be erected in CRZ area.	Noted
----	---	--------------

Compliance:

To prevent possible pollution in coastal area and as per the condition stipulated in clearance order, No labour camp, machinery and material storage will be erected in CRZ area. All such facilities will be provided outside the CRZ area to the project site. The CRZ area will be preserve as such. At present all labours are coming from their houses.

10	The project proponent shall not undertake any construction within 200 m in the landward side of High Tide Line and with in the area between Low Tide Line and High Tide Line. The proposed constructions shall be beyond 200 m from the HTL.	Noted
----	---	--------------

Compliance:

The project proponent has started its construction work as per plan submitted in KCZMA, the project will construct the hotel cum resort beyond 200 meter in the landward side of High Tide Line. There is no construction is planned in the area between Low tide Line and High Tide Line. All provisions of CRZ Notification will be scrupulously followed.

11	There shall no ground water drawal with in CRZ. Extraction of ground water shall be strictly carried out after obtaining prior permission from the Competent Authority and the extraction point shall be strictly from a point beyond CRZ.	Complied
----	--	----------

Compliance:

The drawl of ground water is not permitted in CRZ area. The project had submitted its application to get prior permission to construct open well in the project site. The permission was granted by the Department of Ground water to dig a well. The extraction point of ground water is beyond CRZ limit. The NOC from Department of Ground water is attached as **Annexure No. 13.**

12	The project proponent shall ensure compliance to all the safety measures, as proposed for the project site, to meet any contingency during Tsunami or any such natural calamity including the construction of restaurant on stilts in the resort project site as assembling place as part of on-site emergency preparedness for all guests and staff within resort in case of any natural calamity.	Noted
----	---	-------

Compliance:

The project has got NOC from Fire and rescue service. The project will install all necessary safety measures as proposed in the project site. These measures can face any contingency during Tsunami or any other natural calamity. An assembly point will be there in the project site for all guests and staff within hotel cum resort in case of any natural calamity happens. The copy NOC form Fire and rescue service is attached as **Annexure No. 14.**

13	Necessary arrangements for the treatment of effluents and solid wastes must be made and it must be ensured that the untreated effluents and solid wastes are not discharged into the water or on the beach.	Noted
----	--	--------------

Compliance:

The project will handle and manage all type of waste with utmost care, Rules for Municipal solid waste, 2016, will be implemented for proper management of waste. To treat the solid waste, the project proponent will install bio-bin for bio degradable waste. The end product manure can be used in garden. STP will be installed to reuse the waste water generated from the project site. The water from STP will be used for landscaping, flushing, cooling and other purpose. No waste will let out to public stream or on beach. All type of waste E waste, hazardous waste will be handled as per rules and guidelines of Govt. of India.

14	In case, DG Sets is proposed to be used as back-up power, it shall be ensured that well designed acoustic enclosures are installed in the DG sets such that a desirable insertion loss viz. 25 dB(A) is achieved. Installation and operation of DG sets shall comply with the guidelines of CPCB.	Will be Complied
----	--	-------------------------

Compliance:

The project proponent will use DG sets for power back up during its operational phase. To reduce the sound generated from the DG set and to achieve 25 dB(A) a well designed acoustic enclosures will ensure. The installation and operation of DG sets will comply with the guidelines of CPCB. The project proponent will try to use low sulphur diesel in DG sets to reduce the carbon emission.

15	Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.	Noted
----	--	--------------

Compliance:

The project will take care of disposal of muck during its piling time of construction phase. These will not create and adverse effect on the neighboring communities. All necessary precautions will be taken for general safety and health aspects of people. The proponent will try to dispose the muck only in approved sites with approval of competent authority.

16	Any hazardous waste generated during construction phase, shall be disposed off as per applicable rules and norms with necessary approvals of the State Pollution Control Board.	Noted
----	--	--------------

Compliance:

The instant project is for construction of hotel cum resort project therefore the generation of hazardous waste will be low. The expected hazardous wastes are used oil, oil filters, paint tins, will be sold to recyclers approved by Pollution Control Board. The handling and management of hazardous waste will be in tune with the Hazardous Waste Management and Handling Rules, 2016.

COMPLIANCE REPORT

**(SPECIFIC CONDITIONS -
OPERATIONAL PHASE)**

PART II

II. Operation Phase

01	A 2% of 'the Cost of the project shall be apportioned for environment protection and conservation measures to be spent by the project proponent towards fulfilling its Corporate Environmental Responsibility (CER) during the currency of the project. Proper record and account of measures taken should be maintained and should also be submitted to the CZMA.	Will be Complied
----	--	------------------

Compliance:

As part of inclusive growth, The project proponent will spent 2% of the project cost for environment protection and conservation measures. The CER will be implemented under the OM dated 01-05-2018 issued by Ministry of Environment, Forest & Climate Change. A proper record for CER and its account of measures taken will be maintained and will be submitted to the CZMA.

02	The quantity of fresh water usage, water recycling and rain water harvesting shall be measured and recorded to monitor the water balance as projected by the project proponent. The record shall be submitted to the Regional Office, MoEF&CC along with six monthly monitoring reports.	Will be complied
----	--	------------------

Compliance:

To monitor the water usage, recycling and rain water harvesting water meters will be installed at relevant places. The project will collect rain water in its maximum. STP will install with adequate capacity to recycle the waste water. The monitoring data will be recorded in hotel cum resort office which will be sent to Regional Office of MoEF & CC along with six monthly monitoring reports.

03	Solid waste shall be collected, treated and disposed in accordance with the Solid Waste (Management) Rules, 2016.	Will be Complied
----	---	------------------

Compliance:

The solid waste can be divided in to two. Bio degradable and Non - bio degradable wastes. The bio degradable waste will be handled through colour coded bin to collect. The segregated waste will be dump in to bio-bins installed. The end product from bio-bins will be manure which can use in garden.

The non bio- Degradable waste will also collect through colour coded bins and keep in a designated place. This will be sold to local vendors for recycling. The collection handling and disposal will be in tune with Municipal Solid waste Management and handling Rules 2016.

04	Parking facility with 6 m clear driveway shall be provided.	Will be complied
----	--	-------------------------

Compliance:

The project proponent has provided parking facility for the instant construction of hotel cum resort project. The driveway is planned with 6 meters. The project proponent will implement the parking plan as submitted at competent authority.

05	Project Proponent shall ensure regular operation and maintenance of the STP to meet the effluent discharge standards laid down under the rules and should also meet conditions (If any) stipulated in Consent to Establish and Consent to Operate.	Will be Complied
----	---	-------------------------

Compliance:

The project will install STP for recycling the waste water generated from the project site. The project proponent will engage with the STP supplier for regular maintenance to meet the effluent discharge standers laid down in the Kerala State Pollution Control Board.

06	The green belt of the adequate width and density preferably with local species along the periphery of the plot shall be raisedso as to provide protection against particulates and noise.	Will be Complied
----	--	-------------------------

Compliance:

To reduce noise and air pollution the project will plant various species including local species as green belt with adequate width. Since it is a Hotel cum resort project, the proponent is planning to plant various saplings to enhance the aesthetic value and biodiversity of the project site. The details will be given once the landscaping plan finalized.

07	Rain water harvesting system from roof run-off and surface run off, shall be installed. .Before recharging the surface run off, pre-treatment must be done to remove suspended matter, oil and grease. The bore well for rain water recharging should be kept at least 5m above the highest ground water table.	Will be Complied
-----------	--	-------------------------

Compliance:

The project proponent will harvest the rain water from roof top. The collection of surface run off is not mentioned in the EMP. The rain water harvesting through recharge pits is not feasible due to the location of high ground water table within the site. Since there is no surface runoff the project didn't construct chamber for pre – treatment to remove suspended matter.

08	Energy conservation measures like installation of CFLs /TFLs for the lighting the areas outside the building should be integral part of the project design and should be in place before project commissioning. Use CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible.	Will be Complied
-----------	--	-------------------------

Compliance:

As part of energy conservation, the project proponent will use a wide range of LED and CFL lights. The project will install solar panels in operational phase of the hotel cum resort project. The discarded LEDs/CFIs/TFLs will be properly collected and disposed off for recycling as per the prevailing guidelines to prevent mercury contamination.

COMPLIANCE REPORT

(GENERAL CONDITIONS)

PART B

PART – B – GENERAL CONDITIONS

01	The funds earmarked for environmental protection measures shall be kept in separate account and shall not be diverted for other purpose. Year-wise expenditure shall be reported to this Ministry and its concerned Regional Office.	Noted
----	---	--------------

Compliance:

As part of Environment protection, the project proponent will initiate many measures like green area development, installation of STP, Construction of Rain water harvesting tanks, spraying of water to arrest the dust, Energy conservation etc. The details of expenditure will be given once the project started.

02	Full co-operation shall be extended to the officials from the Regional Office of MoEF&CC, during monitoring of implementation of environmental safeguards stipulated. It shall be ensured that documents/data sought pertinent is made available o the monitoring team. A complete set of all the documents submitted to M:oEF&CC shall be forwarded to the concerned Regional Office of MoEF&CC.	Will be Complied
----	--	-------------------------

Compliance:

As part of environment protection, the project proponent will assure to execute all possible measures stipulated in CRZ clearance. The project proponent will keep files regarding activities executed in project site for environment sustainability. The project will extend all support to the officials from the regional of MoEF&CC for their monitoring. The Project proponent has submitted a complete set of all documents to the regional office of MoEF&CC.

03	Ambient noise levels should conform to residential standards both during day and night as per Noise Pollution (Control and Regulation) Rules, 2000. Incremental pollution loads on the	Will be Complied
----	---	-------------------------

	ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB / SPCB.	
--	--	--

Compliance:

Since it is a hotel cum resort project there will be no sound generating activity from the project site. Ambient noise levels should conform to residential standards both during day and night as per Noise Pollution (Control and Regulation) Rules, 2000. To reduce pollution load on ambient air and noise various mitigation measures will be implemented by the Project proponent. To confirm the limits, the proponent will conduct regular environmental monitoring.

04	A copy of the clearance letter shall also be displayed on the website of the concerned State Pollution Control Board. The Clearance letter shall also be displayed at the Regional Office, District Industries centre and Collector's Office/Tehsildar's office for 30days.	Complied
-----------	--	-----------------

Compliance:

The project proponent has submitted its clearance order to State Pollution control Board, district industries center and Tehsildar's office and district collector's office. The acknowledgment towards the submission is attached as **Annexure No. 2, 3, 4, 5 & 6**

05	In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Ministry	Noted
-----------	---	--------------

Compliance:

At present there is no plan to change its scope. The project will seek for a new Environmental Clearance from concerned statutory authority in the case of any change(s) in the scope of the project

06	A copy of the clearance letter shall be sent by the project proponent to concerned Panchayat, Zilla Parisad / Municipal Corporation, Urban Local Body, and the Local NGO, if any, from whom suggestions/ representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the project proponent.	Complied
----	--	----------

Compliance:

A copy of clearance letter was submitted to Municipal office. The copy of acknowledgment towards submission is attached as Annexure No. The proponent didn't receive any suggestion / representation from any NGO or individual so didn't give to them the copy of clearance order.

07	The project proponent shall upload the status of compliance of the stipulated conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF&CC, the respective zonal office of CPCB and the SPCB.	Complied
----	---	----------

Compliance:

The project proponent will upload its status of compliance in our website along with results of monitoring data. The details will be periodically updated and simultaneously sent to the regional office of MoEF&CC and office of SPCB. The Second compliance report is being submitted. The monitored data is attached as **Annexure No. 10, 11 &12.**

08	The above stipulations would be enforced among others under the provisions of the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and control of Pollution) Act, 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991, the EIA Notification, 2006 and the CRZ Notification, 2011.	Noted
----	--	-------

09	The Ministry reserves the right to add additional safeguard measures subsequently, if found necessary, and to take action including revoking of the environment clearance under the provisions of the Environmental (Protection) Act, 1986, to ensure effective implementation of the suggested safeguard measures in a time bound and satisfactory manner.	Noted
----	---	-------

Compliance:

The project proponent is willing to execute all additional environmental safeguard measures provided by the Ministry of Environment, Forest and Climate Change if it is found necessary.

10	All other statutory clearances such as the approvals for storage of diesel from Chief Controller of explosives, Fire Department, Civil Aviation Department, Forest Conservation Act, 1980 and Wildlife (Protection) Act, 1972 etc. shall be obtained, as applicable by project proponents from the respective competent authorities.	Being Complied
----	--	----------------

Compliance:

The Project has got majority of required approvals and clearances from various competent authorities and departments. The project will start its work only after obtaining all statutory clearances. Clearances from aviation, explosive, wild life are not requires to the instant project site.

11	The project proponent shall advertise in at least two local Newspapers widely circulated in the region, one of which shall be in the vernacular language informing that the project has been accorded CRZ Clearance and copies of clearance letters are available with the State Pollution Control Board (SPCB) and may also be seen on the website of the Ministry of Environment, Forest	Complied
----	--	----------

	and Climate Change at http://www.envfor.nic.in. The advertisement should be made within seven days from the date of receipt of the Clearance letter and a copy of the same should be forwarded to the concern regional office of this Ministry.	
--	---	--

Compliance:

The project proponent had advertised regarding the project has got CRZ Clearance in two local Newspapers widely circulated in the region within the stipulated time period. The same was submitted to the Regional Ministry at Bangalore. The Advertisement is attached as **Annexure No. 7**

12	This Clearance is subject to final order of the Hon'ble Supreme Court of India in the matter of Goa Foundation Vs Union of India in writ Petition (Civil) No.460 of 2004 as may be applicable to this project.	Noted
-----------	---	--------------

13	Any appeal against this clearance shall lie with the National Green Tribunal, Southern Zone, at Chennai, if preferred, within a period of 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	Noted
-----------	---	--------------

14	The environmental statement for each financial year ending 31st March in Form-V as is mandated shall be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986. It shall also be put on the website of the company along with the status of Compliance of conditions and shall also be sent to the respective Regional Office of MoEF&CC.	Noted
-----------	---	--------------

Compliance:

The Environmental statement for each financial year ending 31st March in form –V will submit to State pollution Control Board as prescribed under the Environment (Protection) Rules, 1986.

Sub: 'Star Hotel' project at sy No. 6, 6/2-3, 6/2-2, 6/2, Alappuzha West Village, Alappuzha District, Kerala – CRZ Clearance - reg.

Sir,

This has reference to your proposal No. IA/KL/MIS/53506/2016 dated 17th June, 2016, submitted to this Ministry for grant of CRZ Clearance in terms of the provisions of the Coastal Regulation Zone (CRZ) Notification, 2011 issued under the Environment (Protection) Act, 1986.

2. The proposal has been considered by the Expert Appraisal Committee (EAC)-Infrastructure Development, Coastal Regulation Zone, Building / Construction and Miscellaneous Projects, in its 161st Meeting held on 26.07.2016. The details of the project, as per documents submitted by you and as informed during the aforesaid meeting are as under:

- i) The project involves construction of Star Hotel Project at Survey Nos. 6, 6/2-3, 6/2-2, 6/2, Alappuzha West Village, District Alappuzha (Kerala).
- ii) The project is located at 09°29'39"; 24.85"N Latitude and 76°19'13.91"E Longitude.
- iii) The total plot area is 1,944 sq. m. The project will comprise of 42 guest rooms in Hotel building with supporting infrastructure facilities. FSI area will be 1.85 and the total construction area will be 4,231.10 sq. m. A total of 42 Guest Rooms will be developed. Maximum height of the building will be 20.6 m.
- iv) During construction phase, total water demand of the project is expected to be 17 KLD which will be met by Public supply & stored rain water. During the construction phase, portable toilets with mobile STP for disposal of waste water. Temporary sanitary toilets will be provided during peak labor force.
- v) During operational phase, total water demand of the project is expected to be 20 KLD and the same will be met by the Public supply & stored rain water. Wastewater generated (16 KLD) will be treated in STP of total 25 KLD capacity. 15 KLD of treated wastewater will be recycled (6 KLD for flushing, 5 KLD for gardening and excess to use as make-up water for cooling purposes). About Nil KLD will be disposed in to municipal drain.
- vi) About 60 Kg/day solid waste will be generated in the project. The biodegradable waste (36 Kg/day [60%]) will be processed Bio-bin system and

NIA likely to take over currency confiscation cases

Preliminary probe unearthed links to rackets in Mumbai and TN

BIJU E PAUL @ Alappuzha

THE National Investigation Agency (NIA) is likely to take over the probe into cases related to the confiscation of demonetised currency in the state. Preliminary investigation had unearthed links to certain rackets in Mumbai and Tamil Nadu leading to the cases being handed over to the national agency. There was a big haul of demonetised currency worth ₹45 crore in Chennai in May and the probe shed light on the involvement of

Major hauls in two states

As much as ₹8 crore worth of demonetised notes

The confiscation of devalued currency at Malappuram, Aluva, Cherthala and Kayamkulam raised suspicion because the notes were collected for someone in Tamil Nadu

An NIA officer

THE wild elephants have been registered in Kerala for a few years. However, the increase in the number of herpes and Asian elephant deaths has raised questions about the long run. Stung by the deaths, the government has set up an expert committee to look into the matter. The committee has already collected data on the deaths of wild elephants in Kerala over the last five years. The committee has also identified the causes of the deaths. The committee will

The herpes virus will infect blood vessels, causing hemorrhaging in the elephants and the animals would die within a few days owing to the infection.

As many as 23 elephants have died in the forests of Kerala owing to herpes virus infection so far.

An expert committee headed by the Additional Director General (PT) MoEF&CC

facilities for the cruise vessels bringing tourists. They have requested the Ministry of Environment, Forests and Climate Change for environmental clearance for the project and requested Kerala State Pollution Control Board to initiate conducting of public hearing for the same. An environmental public hearing is to be conducted in accordance with EIA notification in Alappuzha District in this regard. The summary of details of the proposed project and public hearing are as follows.

Project Proponent	The Director of Ports Directorate of Ports Valiyathura, Thiruvananthapuram-695 008
